CRITTER(S) OF THE WEEK!

MORAY EEL WITH WHITE-STRIPE CLEANER SHRIMP-

No other Cleaner Shrimp so actively pursue their mission than these little guys. They will even work on a diver's un-gloved, extended hand. If you can stand that tickly feeling, they will even clean your teeth! If you find a resident eel, you will almost always find the White Strip Cleaner Shrimp on or near the eel's head. Found at 40' and deeper, they team up to represent another one of nature's "symbiotic relationships".

DATE OF REPORTING: NOVEMBER 21, 2011

AIR TEMPERATURE: 84 degrees

WATER TEMPERATURE: 77 degrees

VIZIBILITY: 100' +
