

SCUBA LUV MAUI DIVE REPORT

KEAWAKAPU, MAUI

“CRITTER OF THE WEEK”

(808) 870-2738

JUNE IS “ OCEAN FRIENDS” MONTH !!!

Check out this shot taken on an Introductory Dive last week....In the foreground is a very large FROGFISH perched on the right hand side of the reef....his face is in the bottom right corner looking down...Do you see him? After Pat took the shot, he realized that on the rock behind the FROGFISH is a very curious DAY OCTOPUS peeking over the coral. You can see his little eyes on top of his head!
